If yes, give a brief description and a list of modules currently operational. (500 words)

Orell Honeycomb Campus Management Software automates a re-engineered campus management suite of system processes that improve business workflows within the campus, reduce training times, increase speed and accuracy, and reduce costs. Honeycomb simplifies administrative management, academic management and financial management of a college. By leveraging web-based technologies, Honeycomb lets users access their information anytime and anywhere using a Web browser. It costs less to maintain and support, is easy to learn and convenient to operate. It connects students, faculty, parents, data and systems across the campus to improve service and reduce costs. Honeycomb automatically identifies roles and relationships so students, faculty and alumni see the content and information specific to their needs, when they need it and sensitive data is protected to prevent inappropriate access. This integrated solution automates a robust, proven and fully re-engineered suite of workflows that introduce industry standard business processes into the campus which in turn improves administrative efficiency, delivers operational excellence and reduces the requirement for physical resources, manual operations, errors and delays. Effective student record systems use computer technology to maintain longitudinal information concerning individual students served within an education system. Student records are usually viewed as work produced for the education paperwork. A second profit, notably with machine-driven systems, is efficiency in process and exchanging student records among colleges. When student records are further into an overall management data system that includes data on staff, materials, and budgeting for faculty or school district, a lot of management activities are often accomplished and potency is improved. One of the main areas of expertise should be in maintaining and electronic record of the student database. An electronic roll book will take a very little time in entering the data and at the same time updating it when compared to a traditional one. Benefits of having an electronic roll book is that the student grading could be done by the teachers easily. From admission to graduation and beyond, Honeycomb leverages new generation, web-based technologies, to seamlessly integrate, streamline and manage in a secure, stable and scalable technical environment, the various touch-points and events that make-up the relationship a 5 | Page

student has with the educational institution. It provides online test platforms to students. Learning materials and assignments shared with students can be uploaded here so student can access those from anywhere. It provides students better engagement with personalised learning and daily updates on lesson plans and home assignments.

#### **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 Curriculum Planning and Implementation

1.1.1 Institution has the mechanism for well-planned curriculum delivery and documentation. Explain in 500 words

The institution prioritizes teaching-learning process as the most important function it performs. SCC understands that comprehensive planning is the first step towards successful implementation of curriculum:

Being affiliated to Bangalore University, the college prepares an academic calendar every year. It includes all major events planned for the year and is uploaded on the website for the benefit of all stakeholders. Each department prepares a plan in line with the institution's calendar. It looks at various student- centric events like guest lectures, club activities, and industry visits etc. Distribution of courses amongst faculty and workload in accordance with a timetable are completedand announced before the start of the academic semester. A course plan is prepared by all faculty, and the plan includes course objectives, teaching methodology, intended learning outcomes and time frame. This is explained to students on the firstworking day of the academic year and displayed in Google classrooms. In case of knowledge gap in the curriculum, departments initiate add-on programs to bridge it. SCC believes in Outcome Based Education and hence PO, PSO and CO are mapped to help students achieve their goals.

#### Plan Implementation

A bridge course is conducted for first year students to ease their entry into the degree environment. Thereafter, regular discussions and tests are conducted to gauge their performance. The college has partnered with Orell Software Solutions Pvt. Ltd to use 'Honeycomb', a campus management software where faculty upload class records, attendance and examination results on to the college portal. This maintains transparency in the process. Day-wise, subject-wise and overall cumulative average of attendance for individual subjects are accessible to students, parents and teachers at any point of time. Parents receive automatic intimation when a student is marked absent. Parents of students with attendance shortage are sent timely alerts. These students are mentored byfaculty. The first internal exam is conducted for half the syllabus and students are identified as per their abilities. Marks are displayed on the notice board and on Orell software. Grievances are handled by the HoDand can be taken to the Principal/Vice-Principal. A preparatory exam as per the university exam pattern is conducted before the final exams to help students acquaint with the exam system. After each internal exam, remedial classes are given to slow learners and those who are interested. Advanced learners are chosen to lead peer teaching. Departments arrange regular training on soft skills & professional skills & intra and inter collegiate fests, conferences and seminars where students are encouraged to organize and participate. They also take part in events conducted by other colleges. Students and faculty have access to a well-stocked library and various online resources like Inflibnet and Delnet which provide a strong resource base.

SCC has a well-organized fee	dback system to	monitor a	nd evalua	ate the qu	uality of tea	ching, learning an	

overall development of the institute. Curriculum feedback is obtained online through a well-structured questionnaire from students, teachers, employers, alumni and parents annually. The feedback collected and analysed statistically, and the data is compiled at the institutional level. Awareness is created among the stakeholders regarding the feedback. The institute appeals to all stakeholders to share their opinions about the college as regards curriculum, infrastructure, events, short-term courses etc. This is followed by analyses of the feedback received. After analysing the feedback, a report is prepared. On the basis of their suggestions, to enrich the curriculum delivery, various certificate and add on courses, guest lectures, seminars, workshops and many events are conducted to enhance the learning experience and performance of the students. Students are also taken for Field /Industrial visits to bridge the gap between academia and industry. It is compiled and communicated to the BOS members and syllabus revision committee members

of the University by mail or during meetings. Feedback from parents are collected every year during the Parents Teachers meetings and also online. Data collected is analysed and compiled at the institute level and the suggestions are deliberated upon. Alumni feedback is also collected; they facilitate industry interaction and arrange for visits and guest lectures by industry experts. Interactions with eminent alumni members are arranged on a regular basis. Feedback from industry regarding curriculum is taken from the companies that visit the institution for placement and their suggestions are considered for future planning. Thus, feedback provides opportunity to students and other stakeholders to actively participate in the improvement of programs of study. It thereby improves the quality of students learning experiences and gives the Institution a 360-degree assessment to improve the curriculum planning and delivery as per the expectations of the stakeholders.

2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)

It has been noticed both formally and informally that a large percentage of students of the institution are first generation college goers with the consequence that supplement support structures are required. Moreover, the problems encountered by first generation college goers are unique and peculiar; they are in need of strong motivation, assistance in improving focus and concentration to better their academic performance and engagement with social issues. Being at a vulnerable age, there is a risk of them falling prey to unhealthy habits. Thus, Student Mentoring System is established in the institution. Each class is assigned two mentors. Mentors at SCC are truly persons of genuine concern, excellent clarity of purpose, and steady commitment to the students and to the institution. The mentor tries to understand the student's need to succeed, recognizes the student's problems, assures the student of a bright future, facilitates him/her to short-list possible options, expands his/her consciousness to the perspectives of a wider world, and guides him/her to a path of development. Mentoring is, therefore, 'learner-centered' and not 'curriculum-oriented.' As regards the methodology, the first thing that the institution takes care of is, "mentoring the mentors".

The institution has put in place effective strategies to prepare the mentors:

Young mentors are given guidance and resource materials by their HODs as well as their faculty mentors. The HODs explain the mentoring system to the new faculty. In addition to the training, Peer Group meetings and Peer Reviews are conducted from time to time, where they could review their experiences with other mentors.

An induction is given to the young faculty at the beginning of the academic year at which clear guidelines are given.

The Principal clearly draws the profile of an effective mentor, emphasizing such personal qualities as maturity, self- confidence, emotional stability and positive outlook.

The following are the methods deployed by the mentors to ensure that the learners gain all they can for their individual growth form the institution:

Mentors explain the vision and mission of the institution, procedures and policies, and why certain values are upheld. Mentors help the learner "see the big picture."

They remain in constant touch with the students, meetings them as group and counsels them on matters of academic performance, career, health and behaviour.

They also keep in touch with the parents/guardians of the students. They meet the parents/guardians on formal occasions like the parent-teacher meet every semester.

They also invite parents to the college when an interaction or briefing for a student is felt necessary.

The mentor maintains a well-designed Mentor's Manual which provides ready information with regard to several vital information like the academic progress from the entry level; the details of the student's participation in sports, cultural, literary, extension activities; the attendance records, the details of the student's interaction with the mentor and the parents etc.

In the case of students who require it, the mentor recommends counselling session with the institutional counsellor.

2.5.2 Reforms initiated on Continuous Internal Evaluation (CIE) system at the institutional level (250 words)

St. Claret College, being affiliated to Bangalore University, follows the assessment parameters set by the University, wherein students' evaluation is divided into two assessment levels; Internal Assessment for 30 marks, set at the institution level and Semester End Exam, conducted by the university, and set for 70 Marks. Internal Assessment is divided into four components:I CIA- 10 marks, Preparatory- 10 marks, Attendance- 5 marks and Assignments- 5 marks. A continuous internal evaluation of the students' performance is assessed through CIA tests, assignments and attendance.

Students are given five assignments per subject. To improve their presentation skills, students make two presentations as a part of their assignment. To ensure the use of e-resources, one assignment is designed to persuade students to look into the e-resources in the library as well to encourage the use of academic database like *INFLIBNET*. Teachers have the liberty to choose the mediumof submission of the remaining assignments; either in writing, in blue books, or via Google Classroom portal. In addition, Freedom is given to the teacher to either conduct the class test in class, as either written or as performance, or through Google Classroom.

The institution included Co-Curricular / Extra- curricular activities within the CIE scheme. Major club activities, account for 35 marks and minor activities for 15 marks. Students are evaluated on the basis of their involvement, participation, organization and achievement. An hour is allotted every week in the time table for the conduction of these activities.

**2.5.3** Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Prior to the beginning of every academic year, the institution conducts its first Staff Council Meeting of the year. In this meeting, the schedule of calendar of events are discussed and a tentative date is set for each event. The calendar of events includes: Student election and selection, Collegiate and departmental fests, Extra-curricular and Co-curricular activities, CIA and preparatory exam, List of Holidays, Orientation for parents and students and etc. Institution is affiliated to Bangalore University, the calendar of events of the university is referred to while deciding the date of reopening, the date of closing and to prepare the examination schedules.

NAAC Accredited | Recognized under sections 2(f) & 12(B) of the UGC Act, 1956 Permanently affiliated to Bangalore University | A Claretian Missionary Institute

The Examination Cell is responsible for deciding the dates of CIA tests and Preparatory exam, collecting and making copies of question papers, preparing a list of invigilators and classroom allotment for the test. The cell is in charge of informing the faculty of the internal exam schedule through a circular, which will then be displayed on the college notice board. Detailed guidelines are sent to classroom invigilators, to prepare them for invigilation before CIA and Preparatory Examinations. In adherence to University guidelines, the course plan is prepared in the beginning of the academic year, all faculty plan and ensure the completion of the syllabus well before the examination. Question papers are submitted to the Exam Cell at least one week in advance. In case of more than one faculty member offering the same course, a common exam paper is set to ensure uniformity. Special arrangements are taken care for physically handicapped and visually challenged candidates. The cell is also in charge of overseeing the process of submission of marks of every test within a week of the test/exam and uploading of the same to the college portal.

4.4.2 Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (*maximum 500 words*) (information to be available in institutional Website, provide link)

Managing Committee takes direct initiative in maintenance and upkeep of infrastructure and support facilities. The Manager, Financial Administrator and Office Manager monitor the quality of maintenance of infrastructure and equipment. Financial Administrator monitors the overall maintenance of the infrastructure. The Chief Security Officer and the security guards ensure the security of the campus and the people within. The institution avails the AMC facility offered by service providers for maintenance of computers and ICT equipments. This measure ensures that consistent and appropriate attention is paid to the equipment, thus preventing untimely breakdowns or malfunctions. Replacements are given top priority, and immediate action is taken to assure interrupted functioning. A qualified electronics and computer technician is available on call on campus. Electricians and plumbers are also available on call for immediate assistance. Electrical equipment is provided suitable back up to ensure its steady functioning and to safeguard against voltage fluctuations. In case of disruption to power supply, the UPS with 10KVA and 15KVA have been installed at three locations in the building. Alternatively, a diesel generator with a capacity of 100KVA functions as a substitute source of power.

**Class Room:** The administrator oversees the maintenance of the classrooms. The classrooms are rented for Government Exams as per request. Most of the departments maintain Department Libraries with a good number of books for students' perusal, which they can borrow upon request. An issue-register is maintained by the department to account for the number of books that have been borrowed by the students. **Computers:** College has a System Administrator to oversee the maintenance of Computer Systems. The use of Computer Labs is scheduled as per time-table. In case of system repairs beyond the scope of the System Administrator, external agencies are called for as per AMCs' agreement with the suppliers. Access to internet is provided in the lab even after the working hours of the college. Procedures involving preventive maintenance and breakdown maintenance are strictly observed to ensure maximum availability of the systems in the lab. Installation of antivirus ensures that the software and system are adequately secured. Periodic maintenance is done through regular cleaning of the lab spaces, software updates and antivirus updates. Periodically, the lab stock is physically verified for accountability as well.

**Sports amenities:** Director of Physical Education is in charge of sports amenities. A room is reserved to keep Sports utilities. Further, time is allotted to students to use the Gymnasium, which is adequately furnished with the latest fitness equipment. Regular maintenance of the indoor and outdoor Courts guarantee that they are maintained to the highest standards for sports activities.

Language Lab Students avail Language Lab facilities on priority basis, under the guidance of their respective teachers.

**Library:** Maintenance and utilization of library resources are done strictly by following the library rules. Library resources include both print and e-resources. Students can avail computer facilities upon request. College has adequate support staff to see that the campus is clean and green at all times

Table depicts the number of staff permanently employed for maintenance:

5.3.2 Activity of student Council & Representation of students on academic and administrative bodies/ committees of the institution (maximum 500 words)

The Student Council was instituted with the aim of having student representation in academic and administrative activities. The council is invested with the responsibility of organising various events and functions in the college during an academic year. This practice is based on the premise that students' participation is vital to rigorous intellectual exchange. The steering body of the student council is the Core Council, comprising of the College Captains, Cultural and Sports Captains. The other members of student council are representatives of various clubs & associations and representatives of all the classes who are elected by students. While college captains (1 Boy and 1 Girl) are elected by the students through a democratic process, other representatives of the core council are usually nominated by faculty coordinators and Principal.

An Investiture ceremony is organised in the initial month of every academic year to appoint and invest the elected captains and representatives with due responsibilities. With an aim to polish their leadership skills, a Leadership Training Programme is organised in association with ICT Academy every year. The Council is responsible for organizing National festivals, College festivals, Social functions and even some internal functions like farewells. They are entrusted with maintaining discipline and decorum within college. The council members take active part in Library Orientation Program. They regularly voice suggestions raised by their peers on the working of cafeteria, college sanitation and student behaviour.

Student Representation on Academic and Administrative Bodies:

**Organising Events & Functions**: Student Council members are part of committees for planning and organization of Orientation Day, National Festivals, Teacher's Day and other events that cut across departments like intra-collegiate fest, Euphoria and inter-collegiate fest, Mayurika etc. Students take initiatives in organizing Blood Donation Camps and Swatch Claret programme. These provide them opportunity to exhibit their leadership, innovative and organizing skills.

**Clubs and Associations**: Students are active members of clubs and associations like NSS, NCC, Women's Club among others. There are two student representatives for each club. Participation help them gain invaluable leadership, social and personal skills

Assists IQAC: IQAC takes necessary initiatives to improve the overall quality of education. Selected students act as representatives in the cell. Their suggestions help set quality benchmarks for academic and administrative activities.

**Claret College**,

**Class Committee**: A class committee comprises of two class mentors, class representatives and club representatives from the class. The committee has the overall goal of improving the teaching-learning process

Anti-Ragging Cell: Student representatives are actively participating in Anti Ragging Cell which is formed to address the grievance of the students in case of report of such incidents

**Placement Cell**: The institution has an active Placement Cell wherein student representatives take initiatives to organize placements, contact and source companies

**Library Committee**: Student members not only suggest shortage of curricular books but also give valuable inputs for enabling facilities

### 5.5 Alumni Engagement

5.3.1 Whether the institution has registered alumni association? Yes/ No, If Yes give Details (maximum 500 words)

St. Claret College has the Alumni Association. Since its inception, the association has continued to grow in terms of alumni involvement as well as its activities. The events and activities are planned during the Alumni Association Annual Plan well in advance and the proposal for the annual activities and tentative dates are decided during the meeting. Efforts are continually made to strengthen Alumni Relations through continuous engagement.

**Homecoming:** The Annual Alumni Day has alumni actively taking part in cultural events and sport events. Each year, the Core Council members of one academic year take up the responsibility of organizing Homecoming.

Alumni Elections: The Annual Alumni Meet is also the day for alumni elections, where the elections are held for the post of President and Secretary for Alumni Association and the results are announced on the same day.

**Executive Council Members**: The association consists 12 members from various departments who would make up the Executive Council. This is to ensure wider participation and initiatives from the Alumni Association in the upcoming years.

**Extension activities**: The Alumni Association conducts outreach programs. They visit orphanages or old age homes; interact with the inhabitants of the place and provide lunch and other necessary items that the establishment might require.

Alumni Scholarship: The association has instituted Overall Excellence award to commend a first-year student's overall performance and Kreedaratna award, to laud students excelling in sports.

Alumni Non- Financial contribution: The alumni help in organizing and judging events like Euphoria, Recipro and Mayurika, conducted by Culture Club, and Athenia and other events related to Sports club. Alumni as Resource Person: Alumni of various departments are invited to interact with students both on departmental basis and to the college as a whole.

Alumni Feedback System: The comments given by alumni on the existing curriculum is recorded and

NAAC Accredited | Recognized under sections 2(f) & 12(B) of the UGC Act, 1956 Permanently affiliated to Bangalore University | A Claretian Missionary Institute

analysed for curriculum enrichment. The departments of the college tabulate the curriculum feedback every year and present a chart depicting response of students towards existing curriculum.

5.3.2 No of Registered Enrolled Alumni

505 students enrolled alumni

5.3.3 Alumni contribution during the Year (in Rupees):

17,000

5.4.3 Meetings/ Activities organised by Alumni Association

### **CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT**

### 6.1 Institutional Vision and Leadership

6.1.1 Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization: SCC has a mechanism for delegating authority and providing operational autonomy to all the various functionaries to work towards decentralized governance system.

The Management delegates all the academic and operational decisions based on policy to the Staff Council headed by the principal in order to fulfil the vision and mission of the institute. Staff Council formulates common working procedures and entrusts the implementation with the faculty members. The Staff Council comprises of representatives from the management, teaching staff, administrative staff, Heads of the Departments, Placement coordinator, Physical Education Director, Counsellor and IQAC Coordinator. It reviews the activities of the college and makes recommendations on the improvement. Views of all concerned stakeholders are taken into consideration before arriving at any decision. Faculty members are given representation in various committees/cells and allowed to conduct various programs to showcase their abilities. They are encouraged to develop leadership skills by being in charge of various academic, co-curricular, and extracurricular activities. They are given authority to conduct industrial tours and to have tie up with industry experts and are appointed as coordinator and convener for organizing seminars/workshops/conferences/FDPs. There are other committee and association such as Examination committee headed by Controller of Examination to handle CIA, Preparatory & End Semester University examination activities, Research Promotion Cell to promote academic and research activities at student level as well as faculty level, NSS Coordinator to continue the social engagement and development through NSS activities, Training Placement and Career Guidance cell to help students on Training and Placement activities towards the corporate need, Entrepreneurship Development Cell to inculcate ED activities, Cultural and sports club coordinators for Planning, execution and supervision of cultural and sports activities, Internal Complaint Committee to address Student grievances and Library Committee for Management of learning resources.

Participatory Management: The college follows the principle of Participatory Management. The defining, allotting and communicating of responsibilities happen concomitantly in the meetings conducted at various levels as listed below:

• Interaction with parents: The teachers interact with parents in Orientation Programs and follow up with parents of defaulters in attendance and discipline related matters.

• Students' Council interaction with the Principal and teachers: The students' council serves as a good interface between college authority and students.

• Inputs from Alumni at department level: Help SCC plan activities for the students such as alumni talk, Internships and placement.

• Interaction with diverse external agencies: Faculty members participating in various activities like seminars, guest lecture etc., share their experiences/ ideas to continuously bring about improvement in our functioning.

### 6.1.2 Does the institution have a Management Information System (MIS)?

Yes/No/Partial:

Yes

### 6.2 Strategy Development and Deployment

6.2.1 Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

,	During the year, SCC conducted 11 Value Added courses and 08
	Certificate courses for self-development and professional skill
Curriculum Development	enhancement of students. Departments conduct seminars,
	workshops, symposium, guest lectures, alumni talk and industrial
	visits for curriculum enrichment and enhancement. They
	undertake regular training in soft skills & professional skills.
	Cross-cutting issues relevant to Gender, Environment, Human
	Values, and Professional Ethics have been effectively integrated
	into the curriculum. The structured online feedback is collected
	through 'Honeycomb' by Orell Software Solutions Pvt. Ltd from
	all the stakeholders on the curriculum for improvement and
	further necessary action.
	Teaching-learning process is enhanced by innovative teaching
	methods that include panel discussions, group discussions, case
	studies related to the subject, audio/visual systems for effective
	instructions, internship, guided seminars, mentoring programmes,
	book reviews and workshops. The measures for the slow learners
	are remedial classes, bridge courses, peer teaching, mentoring and
	counselling. The initiatives for advanced learners are peer
Teaching and Learning	teaching, advanced topic seminars, paper presentation, outreach
	classes, creating relevant software and applications, industry
	visits and centers of learning. The college conducts the
	Continuous Internal Assessment through tests, projects,
	assignments and attendance.
	Examinations are scheduled as per prescribed institution calendar
	of event and planned well in advance to ensure smooth conduct of
	exams. The evaluation scheme is communicated to the students in
Examination and Evaluation	handbook. Orientation sessions are conducted for new teachers
	and students wherein they are guided about the rules and
	regulations of the examination and details of supervision duty.
	The departments hold regular meetings to ensure that the teachers
	take regular class tests, assignment, presentations etc. Record of
	syllabi covered every month is maintained by each department.
	Continuous Internal Assessment is recorded on Bengaluru
L	

	University Portal. Special efforts are taken to provide writers and medical facilities to Persons with Disability.
Research and Development	The college has a Research Promotion Cell (RPC) for the purpose of promoting research activities. In order to encourage the faculty in research activities, RPC provides seed fund, monetary assistance for participating in seminars, workshops and
	conferences. College has given importance to extension activities and social outreach programs such as Swachh Bharat Abhiyan, AIDS Awareness, Gender Issues and so on for the holistic development of the student community.
	Substantial infrastructure for sports (Football, Cricket,
	Basketball, Badminton, Throw Ball, Volleyball and Tennis) and
Library, ICT and Physical	fitness (Gym) activities are provided for students' and staff's
Infrastructure / Instrumentation	holistic development. It provides inter-library loaning of books
	and caters to the intellectual needs of staff and students through
	British Library and Bangalore University. The college has
	strategized to provide required facilities for differently-able
	students. Greenery at campus has been ensured. 50% of power
	consumption is generated from alternative (Solar) energy. There
	is a diesel generator as a substitute source of power. The institution has recruited adequate number of faculty
	members, non-teaching staff and ministerial staff members as per
	the guidelines mandated by the apex bodies. To promote academic
	growth of the teachers, the college motivates and actively supports
Human Resource Management	their Ph.D. studies, publication of books, articles. The college
	follows Open Door Policy for sorting of matters by discussion and
	consensus. Teachers are relieved on priority basis for Orientation
	Courses, Refresher Courses, Short Term Courses, Workshops for
	academic development and career advancement, and paper
	Presentations at conferences and Seminars.
	'Memoranda of Understanding' (MoU) are made by various
	departments with industries for professional development of the
	students and staff members through the collaborative work. Scientists, entrepreneurs and industry experts are frequently
	invited under various associations by the Institution. Students
Industry Interaction / Collaboration	from various departments took up internships. Placement
	Committee of College provide students with exposure to resume
	writing, soft skill training and employment opportunities.
	Companies are invited to conduct interviews, offer internships
	and hold talks and discussions.

	The admission process is very transparent and is purely merit
	based. The cut off entry marks of various courses are displayed
	on the college website. Each application is processed and verified.
Admission of Students	Meritorious students and Women students, sports quota students
	are given relaxation. The college strictly follows the reservation
	policies of Government of India for admissions.
6.2.2: Implementation of e-governance	-
0.2.2. Implementation of e governane	Regular academic and administrative activities of the college are
	carried out by using ICT tools. College has adequate IT
Planning and Davalonment	
Planning and Development	infrastructure. The management is informed of all the activities of
	the college through emails as well as WhatsApp group. All the
	activities scheduled are promptly displayed on the institution
	website through web-calendar and e-notice board.
	For establishment of Management Information Systems (MIS),
	the college has opted for Honeycomb which has been highly
	beneficial for both academic and administrative purposes. Online
	registration by students during admissions has helped us create an
Administration	accessible student database. Student data is maintained on a
	digital platform. Each student can view their academic data
	throughout the year. Student attendance is monitored through the
	data and reports are generated. Service record of teaching and
	non-teaching staff is maintained.
	In order to maintain transparency, all the payments made or
	received are done through online or through cheques. In order to
	meet the daily expenses, petty cash facility is available with
Finance and Accounts	certain financial freedom delegated to the Principal. The college
	is using Tally ERP 9.0 for maintaining the books of accounts and
	Payroll software for salary dispersal. The statutory dues are paid
	online in timely manner.
	Students can easily access information regarding Rules and
Student Admission and Support	Regulations, Facilities for students, Support services, Placement
	activities as well as old question papers on the institution website.
	Students can access library OPAC through the institution's
	website.
Examination	E Governance in the area of Examination is implemented in the
	forms such as updating of Internal Assessment marks on
	Bengaluru University Portal and updating of Practical and Project
	Marks on Bengaluru University Portal. Internal assessment of the
	students is available on the website. Computerized result analysis

Outcome Based Education (OBE)

Outcome-based education is an approach to education in which decisions about the curriculum and instruction are driven by the learning outcomes that the students should display at the end of a program or a course. St. Claret College has adopted the Revised Blooms Taxonomy as the methodology to assess Outcome Based Education – POs, PSOs and COs. The institution ensures the attainment of outcomes (COs and POs) by the students in the course of three years. The attainment evaluation system followed by the institution ensures error free calculation of attainment of outcomes and are conveyed to all the stakeholders at regular intervals.

### Effective Feedback System

St. Claret College has a specific feedback system related to curriculum and institution. The process analyses the gaps of knowledge and skills connected with institution and curriculum design. Based on the feedback, the institution takes necessary actions. Institutional changes like infrastructure, environment and administrative systems are transformed according to the received suggestions. The curriculum is designed by Bangalore University and the institution implements various courses to fill the knowledge gap. Add on courses, value added courses, certificate courses, internships and several industry-academia collaborations are some of the methods used to fill the knowledge gap.

### Augmenting Collaborations with Industry and Academia

Linkages and MoUs are a part of the active learning process in an academic environment. St. Claret College has linkages and MoUs with various organizations and industries depending upon the need. It helps for the mutual development of both the parties. There are certain linkages which are renewed every year and there are certain linkages which have the duration of three years. There are various activities conducted as part of the collaborations and it is a part of teaching learning process also. Facultymembers also do collaborative works with various agencies and experts from relevant fields. St. Claret College is committed in establishing collaborations with the local industries, Government and Academia. In this direction, MoUs and linkages are established with the organizations for student internship, industrial visits, workshops, vocational training etc. This makes classroom teaching more interesting and industry relevant and practical oriented. Collaborations are a quintessential part of education at SCC and they aim to provide abundant opportunities to students to explore and experience various nuances of education.

### 7.2 Best Practice

Describe at least two institutional best practices.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

Title of the Practice: NURTURE: Claret's Financial Support Programme

**Objectives of the Practice:** The College has always taken its vision and mission into consideration while initiating any action. Hence, for fulfilling the academic needs of the people in the locality, college is striving to reach out to the poor in the society. Accordingly, following goals have been kept in mind while introducing various schemes to benefit the student community:

Scholarships based on Merit, Sports and SC/ST criteria, are awarded to students to lessen their financial difficulties.

Scholarships help students in need to access quality higher education

Financial aid helps to **decrease the quantity of loans** students need to take to pursue higher education Merit based Scholarships motivate students to work hard and **achieve good results**.

**Bursaries** help the staff serve for longer duration in the institution and get quality education for their children.

To teach students the precepts of **philanthropy.** 

**The Context**: The college is situated in a locality comprising of people from economically weaker sections. The neighbourhood children aspire for a good education at affordable fees. College has made

NAAC Accredited | Recognized under sections 2(f) & 12(B) of the UGC Act, 1956 Permanently affiliated to Bangalore University | A Claretian Missionary Institute

efforts to financially support the low-income families to help educate their wards. Thus, various scholarship schemes have been introduced in the college.

**The Practice:** St Claret College has achieved phenomenal growth on account of the best practices introduced by the Management based on their experience and observation of practical hazards faced by the student community while pursuing higher education. Prominent among them is, "Nurture", College's Financial Support Programme.

**Title of the practice: RECIPRO** – A Festival of Cultures and Food (Unity in Cultural Diversity and A Fundraiser for Charity)

### **Objectives of the Practice:**

RECIPRO, is derived from the word 'reciprocity', meaning to give back to the society.

To bring cultural awareness and celebrate different cultures of our country and abroad.

Create an atmosphere of inclusivity by respecting and portraying different cultures. Promote team work and unity among students.

To train students as leaders.

**The Context:** RECIPRO is an intra-collegiate annual festival of cultures, that doubles as a charityfundraiser. St Claret College takes pride in this event, as this is something unique. It is an attempt to make students understand that knowing other cultures will improve their global sensitivity and open channels of communication to appreciate the diversities and accommodate them. The event strives to develop intercultural competency to deal with differences and bridge cultural gaps. This can manifest in many ways: communication styles, approach to work, way of thinking and the value system of an individual or a group of people. Intercultural awareness helps students understand, respect and appreciate the behaviour and practices of other.

**The Practice:** For this festival, the college is divided into six major groups, each led by one of the Core Council members. These six groups represent and showcase different cultures through their cultural forms and traditional attires. There are four elements in RECIPRO:

The team has to represent the cultural forms of the states and international destination given to them.

They must bring out the traditional attire of those places through Fashion Show.

They need to have food stalls with delicacies from the states assigned to them.

The money raised through raffle tickets is donated for charity, to contribute to the society.

Apart from the rich variety of cultural performances by various groups, and the food stalls sell various cuisines to tingle the taste buds, RECIPRO is synonymous with the college community. Through this event, initiatives are taken to raise funds to aid under privileged people in the society. Students who sell the maximum number of raffle tickets are awarded by the dignitaries. A lucky draw is also held, where the winners are given attractive prizes.

Claretine Way of Imparting Holistic Education - Academic Excellence, Leadership and Service

NAAC Accredited | Recognized under sections 2(f) & 12(B) of the UGC Act, 1956 Permanently affiliated to Bangalore University | A Claretian Missionary Institute

St. Claret College envisions a world where the young minds of the college will assume leadership roles in different spheres of life. The focus is on all-round development of students, who will venture forth as pioneers to explore uncharted territories and became extraordinary persons in life. The vision statement encapsulates this aim in the most succinct way – "To promote educational excellence, leadership, and service, based on universal love in an environment characterized by respect for the individual and concern for the community, so as to effect holistic transformation in each student." SCC aims to help students set action oriented goals and nurture their intellectual, emotional, social, physical, creative and spiritual potentials for excellence. Viewing each individual student as special, college helps them build a life that's fulfilling and rewarding both professionally and personally.

The college recognises the importance of providing a personalised educational experience complete with skills, values and physiognomies needed to thrive in our knowledge economy. A large number of students of this college hail from suburban areas. Several are from economically underprivileged families and are first generation learners. They seek to redefine their own identity and have high expectations from college which holds dear the humanitarian values of life. Fired by idealism, they remain focused, perseverant and committed to doing something for society and for the country. Strongly committed to inclusive education and sensitive to challenges that diversity poses, the college provides a level playing field and opportunities for the all-round growth of students. Through innovative and value based student-centric teaching, full proof planning and evaluation system, curricular and extra-curricular activities, academic fests and conferences, we impart holistic education in its true sense.

Through high standards of academic and non-academic excellence, students are equipped to transcend existing social challenges and fulfil their dreams and aspirations. They learn to work together, set goals, develop action plans, network with peer groups, not just within the college but at other institutions across the country and across the world. Holistic education propels them to be achievers and leaders in their personal and professional lives.
