ABOUT NAKSHATRA

Nakshatra is the flagship intra-departmental fest of the Department of Management, designed to foster healthy competition, showcase talent, and strengthen camaraderie among students. Organized with great enthusiasm, the event sees active participation from all classes and sections, each representing their banner with pride and unity.

Throughout the fest, students compete in a diverse array of events — from intellectually stimulating business quizzes and managerial challenges to creative showcases like fashion walks and entrepreneurial pitch battles. Every activity is an opportunity for students to demonstrate leadership, strategic thinking, innovation, and team spirit.

As the events unfold, points are awarded based on performance, and the excitement builds toward the grand culmination. In the end, the class that accumulates the highest overall score is crowned with the prestigious title of Overall Champions of Nakshatra, earning not just a trophy, but lasting pride and recognition within the department.
