

## ***BRAILLE SECTION***

### **BRAILLE SOFTWARE FOR DIVYANJGAN**

#### **Disabled User Friendly Services (DIVYANGJAN) Assistive Technology and facilities for the persons with disability/physically challenged**

The Central Library provides user-friendly services to our physically challenged users in all aspects such as provision of wheel chair, help in finding or locating the library resources (WEB-OPAC), retrieving the required materials, renewing and returning of books by the library staff (human assistance). There is a separate user friendly rest room for them.

**Braille Section:** There is Separate Braille Section for Visually Challenged user. The disability users will use this facility with the support of library staff (human assistance) for listening the research articles. It has 5 dedicated systems exclusively for them, with speaker and head phones.

#### **1. Open book Scanner for Divyangjan Students kept in the place allotted for Braille section**

SCC Library extend service Scheme Software for Visually challenges students: Open book Scanning & Reading Software with Pearl Hi-Speed Camera, Latest Version 9.
